PROFESSIONAL SUMMARY

IT Support Technician with hands-on experience in network & systems administration, cloud computing (AWS), and cybersecurity. Holds a Bachelor's degree in Computer Networks. Proficient in Linux administration, AWS environments, log analysis, and SIEM tools (Splunk). Skilled at diagnosing incidents, supporting end-users, and applying best practices in IT infrastructure management and security.

TECHNICAL SKILLS

IT Support & Systems

- Incident diagnosis and resolution (junior level)
- End-user support for Windows and Linux environments
- OS installation, configuration, and updates
- Workstation maintenance and patch management

Networking

- Protocols: TCP/IP, DNS, DHCP, NAT, VLAN, VPN, IPv4/IPv6, Wi-Fi
- Cisco IOS — VLANs, ACLs, NAT, DHCP/DNS configuration
- Network troubleshooting and analysis (junior level)

Cloud — AWS

- EC2 instance deployment and management
- Monitoring with CloudWatch (dashboards & alerts)
- Cloud security fundamentals: IAM, best practices

Cybersecurity

- Log analysis and suspicious activity detection — Splunk (intro)
- Fundamentals: SIEM, IDS, Firewall concepts
- Incident response (introductory level)
- Security awareness and best practices

Tools & Technologies

- Linux (CLI, administration) | SQL (basic queries) | Wireshark | PowerShell (basics)
- Python scripting | Bash / Shell scripting

EXPERIENCE

AWS Re/Start Cloud Practitioner Program | Orange Digital Center RDC, Kinshasa *Feb 2026 – Present*

- Automated log analysis tasks using Python and Bash scripting
- Set up monitoring with CloudWatch dashboards and alert configurations
- Simulated and resolved incidents on Linux and AWS environments
- Applied cloud security best practices throughout the program
- Preparing for AWS Cloud Practitioner certification (expected May 2026)

IT Support Intern | HEC-KIN (Haute Ecole de Commerce), Kinshasa

Jan 2025 – Oct 2025

- Diagnosed and resolved technical incidents at junior level
- Provided end-user support on Windows and Linux systems
- Installed, configured, and updated operating systems
- Performed basic workstation maintenance
- Participated in network configuration: DHCP, DNS, Firewall

EDUCATION

Bachelor's Degree (Bac+5) — Computer Networks

2025

Haute Ecole de Commerce de Kinshasa (HEC/KIN), Kinshasa, DRC

Graduate Degree (Bac+3) — Mathematics & Computer Science

2023

Institut Supérieur Pédagogique de Mwene-Ditu (ISS/KIN), Kinshasa, DRC

CERTIFICATIONS & TRAINING

- AWS Cloud Practitioner — In progress (expected May 2026)
- Cisco CyberOps Associate
- Intro to Splunk
- Google Cybersecurity Professional Certificate
- Google IT Support Professional Certificate
- Network Defense
- Linux Essentials
- Networking Devices and Initial Configuration
- HP LIFE — Effective Websites
- AI Fluency for Students
- Agile Project Management

LANGUAGES

French: Fluent (native) | English: Professional
